- USD: **+875%**
- EUR: **+710%**
- GBP: **+1,060%**
- INR: **+1,770%**

The Big Long: New All-Time Highs

Accelerating Momentum

New all-time high closes are **surging** — reflecting a structural, not cyclical, bull market.

1970s

Gold standard ends

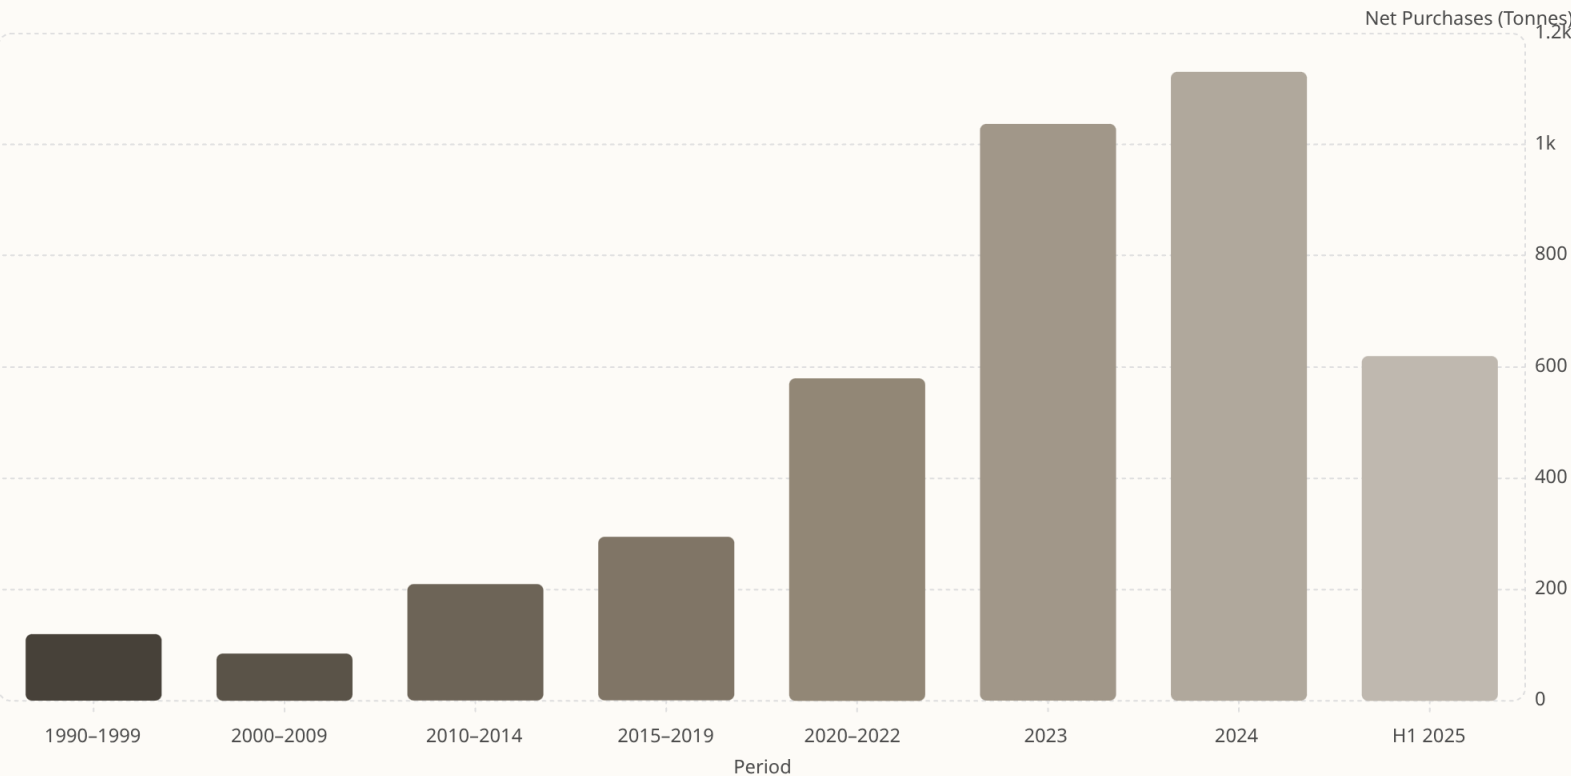

2000s

Post-crisis rally

2020s

Record acceleration

A Strategic Shift to Gold

Record Buying

Central banks are accumulating gold at **historic rates** — diversifying away from the US dollar.

2022-2024

3 consecutive record years

H1 2025

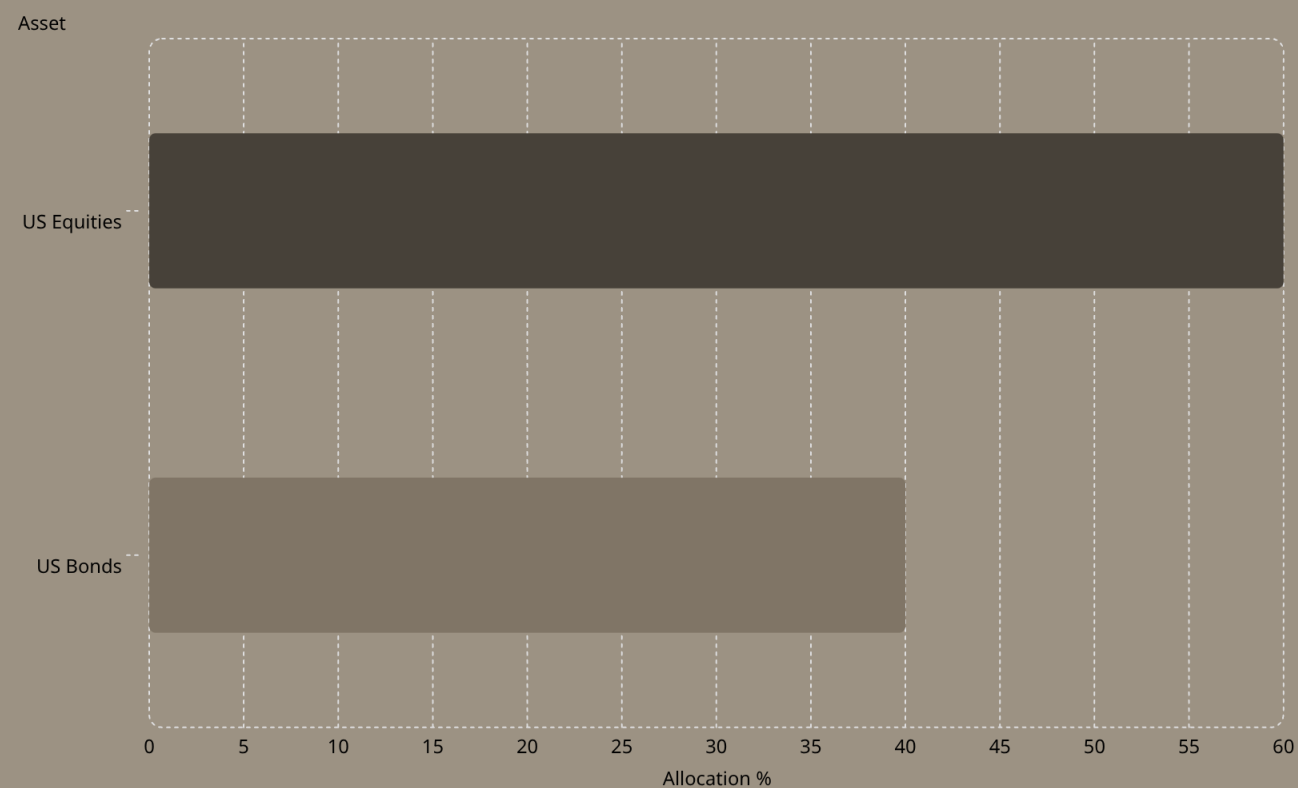

On pace for another record

Key Buyers

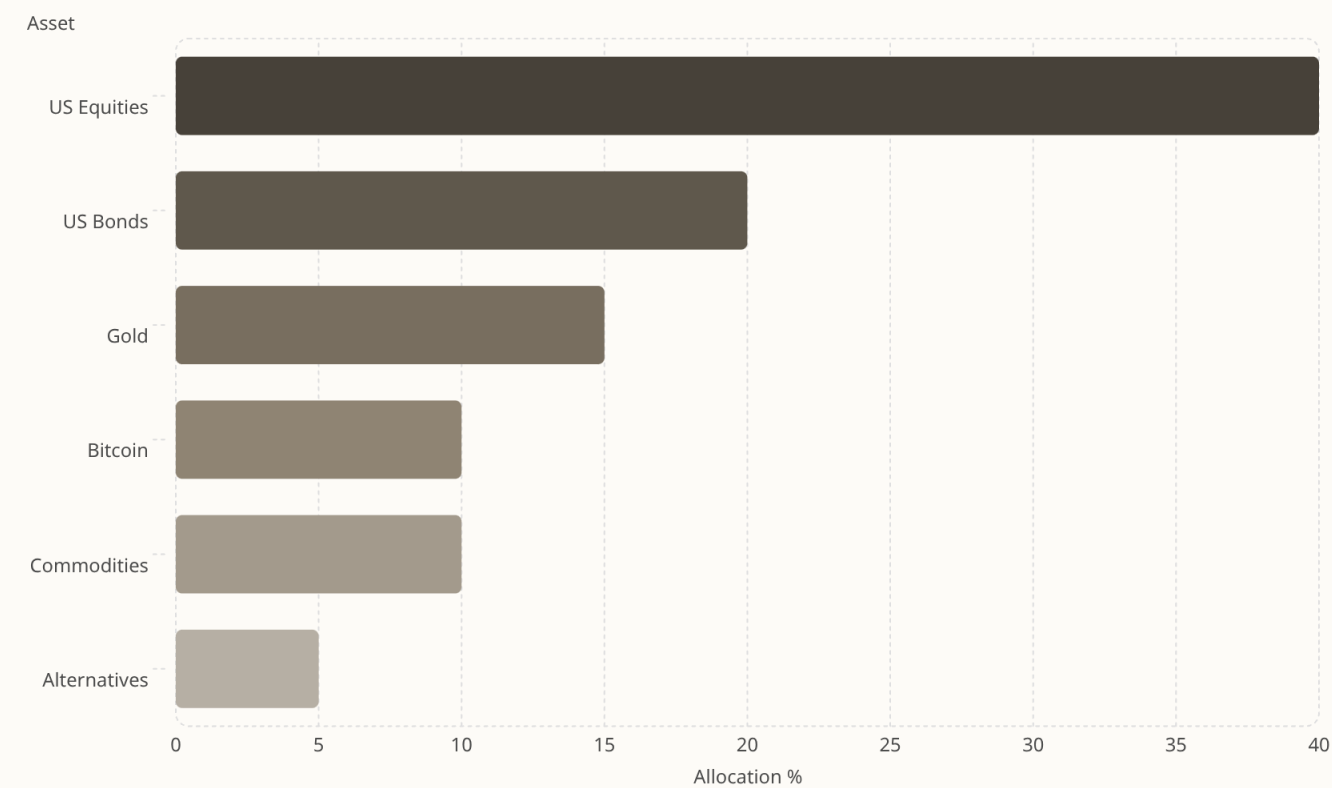

China, India, Turkey, Poland

A New Portfolio Paradigm

Old 60/40

New 60/40

Adding gold, Bitcoin & commodities improves diversification and inflation resilience.
